Stagesafe insurance provides a range of options to help protect you at your shows and performances as well as your rehearsals:

### **Public Liability (not a legal requirement)**

This is a sum of money to help pay for any accidental bodily injury or accidental damage to property that may have been caused by you and it is your fault. The numbers are usually quite large because claims for bodily injury can be big if payment for loss of income and medical care are made, even the cost of legal fees can be significant. You do not need to be doing something dangerous for these injuries to happen, it could just be a simple accident.

The owner of the venue may insist on you having a particular level of public liability, as your policy needs to match their requirement you should check carefully before you buy your policy.

### **Employers Liability (this could be a legal requirement so please check carefully)**

This provides insurance for any claims made by your employees for accidental bodily injury

The amount of insurance is usually fixed at £10m and is for any employees, this includes volunteers and helpers, they do not have to be paid to be employees. There are some exceptions so please call if you are unsure.

### **Money Cover**

Money with Assault Extension is automatically covered up to £2,500

There are a range of other things you can cover including:

- Property cover
- Stock

It can also include insurance for

- Banners
- Marquees
- Generator
